Concrete Degreaser™

Concrete Degreaser™ is a proven, heavy-duty degreaser. This concentrated cleaner can be diluted with water to provide an economical, effective cleaner. Removes grease, oil, transmission fluid, adhesive, soil, and other foreign substances from concrete and masonry surfaces. When used according to directions, Concrete Degreaser effectively cleans soiled concrete surfaces in preparation for application of NewLook Concrete Color Stains. Read the respective Technical Information Sheet for more information.

PREPARATION

Features & Benefits:

- Water based, non flammable
- Non-ozone depleting/ Low order
- Easily applied with NewLook Applicator Brush™, mop, pressure washer, or pump sprayer
- Environmentally friendly
- Does not hurt vegetation when mixed with water.

Sizes & Coverage:

- Available in 16 oz., 1 Gallons and 5 Gallons
- Covers approximately 200 square feet (19 square meters) per gallon.

Ideal for Neutralizing:

- Greasy residue after stripping
- Driveway oil spills
- Transmission fluid on driveways

Working Tips & Keys to Success:

- Heavy cleaning dilute 1:1
- Agitate with brush or mop; do not allow Degreaser to dry
- In hot, sunny or windy conditions the product may dry prematurely.
- Using a pressure washer will increase the effectiveness of cleaning and rinsing.
